DOMESTIC SEWAGE TREATMENT MADE EASY!

5 Ultimate Solutions from AWATECH to treat swage; all are unique in terms of process & applications.

REACTO® BioMimicry

It mimics the nature of treating domestic wastewater. So, 100% environment friendly, no maintenance and zero energy consumption makes it ideal for remote areas, towns & villages. It's modular design can handle sewage from 5 to 500 inhabitants.

- Robust HDPE Material
- No Moving Equipment
- Easy & Speedy Installation
- Discharge to Garden or Surface

REACTO® SBR

This cyclic batching process handles high volumes in very compact space. With low energy consum- ption & minimal maintenance, it's providing results to meet highest regulatory standards. Ideal for individual homes & establishments & even for large colonies, apart- ments & communes.

- Robust HDPE Material
- No Moving Equipment
- Easy & Speedy Installation
- Discharge to Garden or Surface

CE
Certified to EN12566-3

REACTO® EcoSept

EcoSept – the best solution to handle and treat sewage for urban, semi–urban & rural area domestic households without sewer connection. It Can handle up to 55 inhabitants.
- Robust HDPE Material
- No Moving Equipment
- Easy & Speedy Installation
- Discharge to Garden or Surface

REACTO® ASP

A single tank does it all. Designed with most modern techniques, this compact STP is unique because it's odor free, lowest in noise, low energy consumption and high performance; ideal for up to 90 inhabitants.

- Robust HDPE Material
- No Moving Equipment
- Easy & Speedy Installation
- Discharge to Garden or Surface

REACTO® MBBR

Never before compact design, most powerful performance meeting highest standards with minimum maintenance and completely odor free. It can serve up to 222 inhabitants.

- Robust HDPE Material
- No Moving Equipment
- Easy & Speedy Installation
- Discharge to Garden or Surface

All plants provides results to meet statutory requirements as per International Standards EN 12566 – 3 and/or to meet standards set by MoEF, Govt. of India,
BOD ≤ 10 | COD ≤ 50 | TSS ≤ 10
